I should like to take a few more of the proof sets you sent me, but have on hand ~~proofs~~ of the 1869, 70, 71 & 72 Dollars and of the 1872 three Cents Silver that I picked up at different times & from various sources and do not care to duplicate them.

Please advise me whether you would separate them & if so what allowance you will make & I will report on your return to Phila.

Gentlemen:

Yours of the 29th is received with 182 dime, lot 664 & coream stamps for which please accept my kind thanks as well as my own.

I return the 182 dimes as requested. There is no mistake about the number of "no cents" nickels in lot 632 as reported.

I can not of course account for the disappearance of the 5 missing pieces, but am as certain as I am of my own existence that I never got more than 664 pieces.

I put them up in different shape so as to fit a box and did not preserve the paper they were wrapped in, but counted them very carefully before removing them from the wrapper, and again after having rearranged them, and now again. Will try to settle the bill next week.

Respectfully Yours

The green back Justice like 1414 Sig sale I got in №1382 Ramsden sale.

We need your check $74.05 the other day. The reason we held it over was on account of an article of jewelry belonging to same party & not sold.

Is a Spanish doubloon, 1000 worth anything more than Mint value, say $15.50 ?

Gentlemen:

Your favor of the 5th is received. The "Notes" are simply individual checks issued at the time in lieu of small change, and are not redeemable, the parties having all passed away long ago & their affairs wound up. I have a J. Sinton check for $1. as a companion to the $2. you sent me & for that reason would like to keep it. The others are plenty around here, and I understand can be had for the asking. The following Gold dollars are wanting to complete my set, viz: 1864, and the following Mint marks
